Dr. Dori Hutchinson, Director of the Center of Psychiatric Rehabilitation at Boston University

Dori S. Hutchinson, Sc.D. has worked at the Center for Psychiatric Rehabilitation at Boston University for 27 years. She currently serves as the Director of Services Division which serves women, men and youth with serious psychiatric illnesses who may also be homeless, at risk for homelessness and experience significant co-morbidities. She is currently the Principal Investigator of the Boston University Campus Suicide Prevention Program. Her programs have included: Hope and Health: an evidenced-based program of health education and lifestyle interventions for persons with serious mental illness and serious medical issues; the Recovery Center—a Holistic health Adult Education program that helps people develop readiness to change; The Training for the Future Computer Program; a vocational training program; Jump Start—a Career Oriented Peer Mentoring Program for Young Adults with mental illness; The College Mental Health Initiative and Individualized Recovery and Health Promotion Services for persons with serious mental illness. She was also a project director of a NIMH funded pilot study evaluating the quality of inpatient care for women with psychiatric disabilities

who were trauma survivors. She serves as an Associate Professor at Sargent College of Health and Rehabilitation Sciences at Boston University. Dr. Hutchinson was the 2000 recipient of the International Association of Psychosocial Rehabilitation Services Association's (IAPSRS) Early Career Research Award for her contributions on health issues for persons with serious psychiatric disabilities and in 2010, received the Armin Loeb Award from the United States Psychiatric Rehabilitation Association (USPRA) for her work in promoting the health of people with mental illness.
